

Research Degrees Sub-Committee

Remit

The Research Degrees Sub-Committee is directly responsible to the Research & Knowledge Exchange Committee of Senate and has the following remit:

To publish and keep under review the University's policies, documents, and regulations for research degrees;

To monitor research degree student progress and maintain an official student academic record for research degree students;

To determine policy options and their impact on resources, to make recommendations on matters directly concerned with research degrees;

To prepare action plans for policy implementation when policy has been formally approved by Senate;

To establish working groups with co-opted members as necessary in order to fulfil its role on behalf of Senate.
